The Catalogue and Order Form

The catalogue and order form have been designed to match each other in a basic A-Z format. You will see plenty of cross referencing in the orderform, including some common and alternative names, to enable you to easily find the varieties which you are looking for and not miss those gems which you may not have actively been seeking.

The plant categories are illustrated as colour in the catalogue on the left-hand-side of the varietal names. Colour keys are shown throughout the catalogue. These aid to illustrate the type of plant, eventual uses and their possible situation.

Completing the Order Form

(1) At the top of **Weeks Required** columns, enter your preferred delivery **week(s)** to receive your plants. (See our order planner/calender for week numbers)

(2) In those columns, below your chosen week number that you have specified, enter the **number of TRAY units** which you require in these week(s) (you will see the number of plug plants per tray in the "plants/unit" column).

(3) If you require **labels**, will you need to tick an available open box.

All royalty plants, distinguished by **(P)** or **(VR)** automatically come with a label (except liner products).

This symbol depicts where labels are sent automatically.

(4) Fill in your company details on **page 24** including invoice and delivery details.

(5) Please ensure that the order form is **fully completed**, information given is **correct** and that you have fully read and understood our **Terms and Conditions of Sale** - Available in the brochure, on our website www.kernock.co.uk.

(6) Post or Fax your completed order form back to us for **confirmation** of your order requirements.

(7) On receipt of your order confirmation, please check the information carefully (including quantities, labels and delivery weeks) in order to avoid any future confusion.

New Accounts

If you do not hold an account with us, simply post, or fax in the completed contact details section of the order form with your plant order. Alternatively contact us direct and we'll set you up. We can set you up with a credit account, just ask for a credit application form.

Minimum Order

Our minimum order quantity per any single delivery week is **10 of any of our tray units**.

Plant discounts

We have changed our **discount structure** to reward customers for purchasing quantity and ordering nice and early. We also discount where orders are arranged to be collected and paid for on collection. Orders can span several delivery weeks, but must be above 10 trays per delivery week. See **page 23** of this order form for details of the discount structure.

Delivery

We offer **free delivery** to mainland UK (excludes Scottish Highlands). Offshore islands, Highlands and Ireland are charged at £1 per tray unit over 40 trays and £2 per tray unit for orders of 40 tray units or less. For Continental Europe and further a-field, delivery is charged at cost and will be invoiced after the delivery has left if the price is not known before despatch.

Label and Royalty

All royalty plants, distinguished by **(P)** or **(VR)** automatically come with a label, except liner varieties. Royalties are variable and are shown in pence per plant, but include this label unless specified otherwise. The **(P)** suffix depicts varieties which are protected by UK or EU law, or are intended to be protected. **(VR)** varieties are either protected by law in other countries, or exist with voluntary royalty agreements where we pay breeders and finders for bringing these varieties to the marketplace. In this way the re-investment is intended to encourage them to continue to breed and find new and improved products, bringing them to our attention for us all to benefit from.

(P/CB) Varieties

Where you see this suffix, we offer these royalty plants to our carpet bedding customers with a special concession on the royalty of these plants. We will only charge 2 pence per plant for our carpet bedding customers.

Label Orders

Any labels ordered against plants will be delivered together with each plant consignment **UNLESS** we receive a specific label order. If you require labels to match your **ENTIRE** plant order then please tick the box provided on **page 24** of the Order Form. These matching labels will also be delivered with each plant consignment.

VAT free on HERBS varieties

We will assume that varieties we have listed in our **HERBS** range are to be supplied as herbs and therefore **VAT free**.

The Surplus List

Immediate surplus stock information is updated weekly and can be accessed from our **website (www.kernock.co.uk)**, **faxed** or **e-mailed** to you throughout the season. Please contact us if you would like to be included on our mailing list.

Useful Information

PLANT DISCOUNT STRUCTURE

We have changed our discount structure to reward customers for purchasing quantity and ordering nice and early. We also discount where orders are arranged to be collected and paid for on collection. Orders can span several delivery weeks, but must be above 10 trays per delivery week.

Quantity Discount

The discount matrix shows the discount % increase compared to the **number of trays** ordered at one time. The % discount given depends on the **Product Discount Band** shown in the new catalogue and orderform. All trays purchased contribute to the quantity discount qualification.

Early Order Discount

This is calculated after the quantity discount is applied on orders submitted at least 16 weeks prior to the delivery week(s). Only applicable to orders over 50 trays at one time.

Collection Discount

Orders **collected** from Kernock Park Plants - 5% discount (This excludes where quoted/confirmed an ex-nursery / non delivered price)

Payment on Collection from KPP - 2%
(This excludes credit card payments)
